

May 13, 2019

Dear Law Enforcement Supporter,

The Orange County Traffic Officers' Association (OCTOA) is hosting our 47th Annual Police Motorcycle Training and Skills Competition to benefit officers and their families who have been injured or killed in the line of duty. OCTOA is a 501 c (3) charitable organization. This event is a venue of friendly competition, training, networking and exchange of ideas.

Past events have drawn hundreds law enforcement riders from six counties as well as over one thousand spectators. Among the personnel are motor officers, supervisors and law enforcement managers, along with their families to show support. Another huge draw is the event is free and open to the public. This year's event promises to be even better!

Our event will feature individual and team competitions, six separate cone patterns ranging in level of difficulty and the grand finale of the Top Gun competition. There will be opportunities to meet the law enforcement officers in attendance and a raffle drawing will be held. We invite you to participate by donating merchandise, services, and/or gift certificates for the raffle drawing. We also offer multi-level sponsorship opportunities with special event benefits associated with each level of support. Please note, however, that cash donations of any amount are welcome. Please complete the attached form (s) to state your preferred method of giving.

Please join us in our support to Orange County Traffic Officers' Association and let us make an impact together by assisting injured and/or fallen officers and their families. Along with continuing to be a resource for traffic related training to law enforcement personnel. Please see attached exhibitor/vendor application, donation for and event flyer. If you have any questions, please contact me.

Sincerely,

Christopher Ostrowski
